- * Security no public Wi-Fi concerns
- * Convenience SIM only or PocketWifi options
- * Time Saving no reliance on finding hotspots or buying local SIM cards
- * Voice & SMS use WhatsApp, Skype, MS Lync etc. to stay in touch
- * Managed receive limit alerts and top up with ease

PocketWifi

PocketWifi is a mobile wireless router that creates your own personal secure Wi-Fi hotspot, allowing up to 5 mobile devices (smartphones, tablets & laptops) connections at once.

This credit card size, lightweight device (70 grams) does not require any setup or installation; just turn on and you're ready to enjoy high-speed data access wherever you may travel. With execMobile, you'll never look for a Wi-Fi connection again. execMobile' data roaming services offers international travellers instant Internet access anytime, anywhere at a fraction of the cost of your mobile operators' offering.

PocketWifi or SIM

Our PocketWifi offers a simple, convenient way to connect multiple devices or share your connection. Our standalone SIM requires you to configure the APN settings on your device.

Equipment	Price (incl. delivery)	Description
Smart PocketWifi (includes SIM)	R 749 (once off cost)	Mobile cellular router with SIM included
Smart SIM Only	R 99 (once off cost)	Subscriber Identity Module
